Moving, Storage & Renovation

Whether you are a homeowner or contractor working on home improvement or renovation projects, we can eliminate rushing to pack, driving a rental truck and making multiple trips to a storage unit.

We bring it.

We bring an empty storage container to you.

You pack it.

You load it up when you want to. When you're ready, we pick up the container.

We store it.

We store it in one of our secure Storage Centers as long as you need it, then deliver it to your new home.

PODS is revolutionizing the way people move and store, so it is simple and more convenient. That's the way it should be.
